

CERTIFICATE

Herr / Frau/Firma
Stahl- und Maschinenbau
Lühmann GmbH & Co. KG
Herr Thomas Hannemann
Müllerstr. 17
21244 Buchholz i d. Nordheide

It is hereby confirmed that the above-mentioned company, as a competent company, has comprehensive knowledge in the application of

Sika Unitherm/Pyroplast steel fire protection coatings, Sika Unitherm Concrete concrete fire protection as well as Pyroplast Wood T and P

Sika Unitherm Steel S Fire Protection Coating

Solvent-based single and multi-layer system F 30 to F 90 for exterior use

Sika Unitherm Steel W/Pyroplast ST 100 fire protection coating

The environmentally friendly, water-based system for constructions R/F 30 to R/F 90

from fire protection projects already completed. The employees were instructed about the mode of action and function of the Sika fire protection coatings on site. In addition, the participants were informed about the necessity of substrate assessment, testing and preparation.

This certificate does not exempt the company from marking individual constructions and issuing a works certificate if required in the approval.

Vaihingen, den 22.03.23

Mit freundlichen Grüßen

We confirm that the above-mentioned company is equipped with the processing techniques and the latest airless spraying technology. The employees have sufficient experience from projects already completed for the execution of quality levels Q1 to Q 3. Compliance with the recognised rules of technology and quality assurance are fulfilled.

According to the European approval ETA -20/1159, ETA - 20/1160 and ETA 20/1162, steel fire protection solvent-free Firetex/Unitherm Platinum/Platinum 30/Platinum 120 may be processed in this factory in accordance with the approval principles of EN 13381/8.

The current conditions of EAD 350402-00-1106 - type Z2, Z1, Y and X are to be complied with.

This certificate is valid until the end of the year 2028.

This certificate does not release the company, if required in the approval, from marking individual constructions and issuing a works certificate.
